Activity 2

Locating occupational information

Introduction

The purpose of this activity is to introduce you to the detailed occupational information available on myfuture. You will get an opportunity to navigate myfuture to research answers to a set of questions. This will be most helpful to you when you are exploring your career pathway.

Objectives

- To help you find the detailed occupational information available on myfuture.

Instructions

1. Select two occupations to research your answers to the below questions.
2. Go to https://www.myfuture.edu.au/occupations
3. Search for your selected occupations by using the keyword search bar at the top of the page.
4. Use the filters to refine your results.

Questions

Using your chosen occupations, write down answers to the following questions:

- What tasks are performed in the occupation?
- Consider the personal and study requirements, and make a note of four things you found interesting.
- At what skill level are jobs offered for in this occupation? What does this mean?

Discussion idea

In small groups, discuss what you have discovered about the occupations you researched, whether you are still interested in these occupations, and what other occupations you might look at.
