(Tip: Name, mobile number and email address are essential. Current address could be included especially if you live nearby. Ensure that it is clearly displayed.)

Career Objective

I am passionate working and guiding young children, focusing on their learning and development and making a difference. My aim is to work as an Early Childhood Educator, specialising in the education of young children with special needs.

(Tip: A career objective isn't essential, but it's useful if you don't have much experience and can convey enthusiasm and motivation. Briefly summarise any work you have done, your strengths and relevant expertise and state how you aim to apply this to your career goal. Adjust the statement to reflect the role you are applying for.)

Key Skills

- Demonstrated communication skills through interacting with children and planning session activities with colleagues during work experience and also as a Swim Coach.
- Understanding of childhood learning and development reflected in consistently good results achieved throughout university.
- Highly motivated and able to create interesting and relevant activities for children seen in creating a 'kids' corner' at Giddies Ice Cream Bar, which has some books and toys for children to play with, as well as colouring pages for them to complete and take home. This has seen families spend more time in the store and is responsible for an increase in the sale of coffee.

(Tip: Include 5-9 key skills as dot points that you like using and that are relevant to the role. When applying for advertised roles, match to any criteria listed in the advertisement – perhaps use sub-headings. Use action words such as 'demonstrated' or 'highly developed' and then provide information about when, where and how you've used the skill through your school work, work experience, volunteering, sporting activities, etc.)
